MEMORANDUM FOR THE RECORD

SUBJECT: Discussion with [Redacted] about LANYARD

25X1

With further reference to my memorandum of November 7th dealing with a discussion with [Redacted] he telephoned me on Sunday, November 10th, to say that the LANYARD matter has now been settled in accordance with earlier agreements. I understand this to mean, as does Dr. Wheelon based on information from other sources, that several packages will be completed and stockpiled and that the personnel capabilities will not be dismantled.
